

CLIP IT

FLIP IT

2015 Samantha Kelly

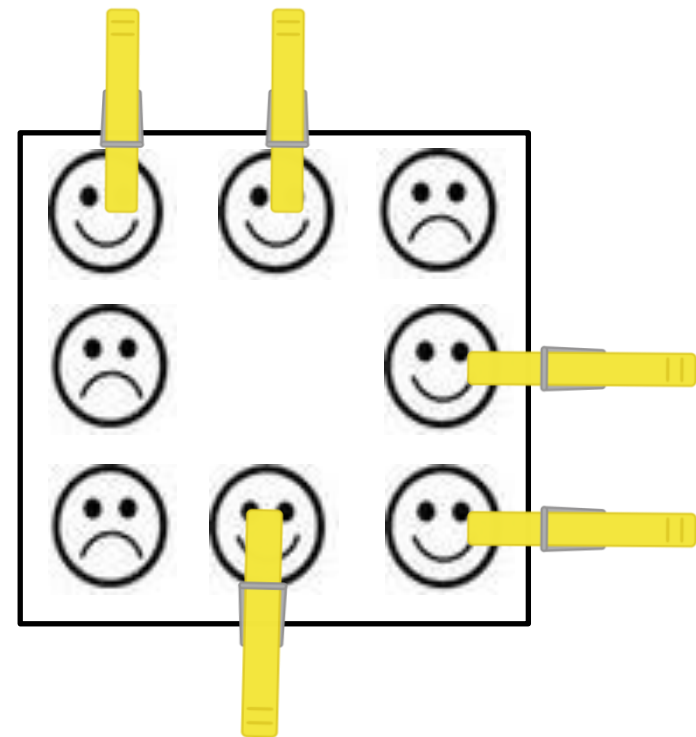

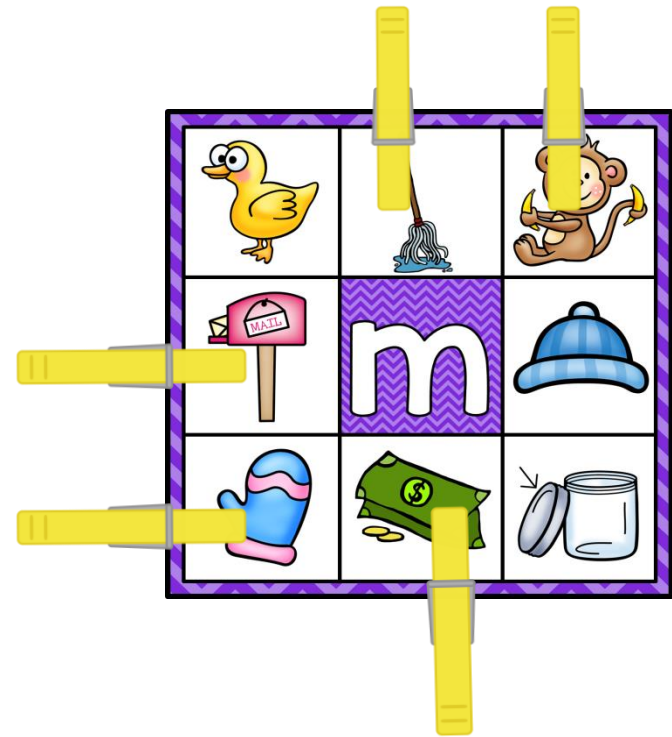

SILENT E

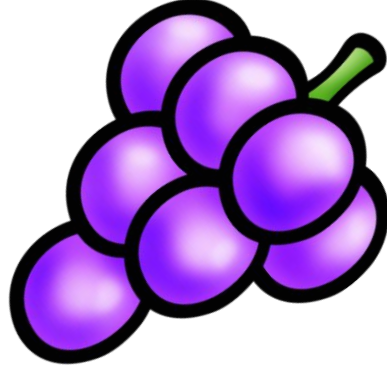

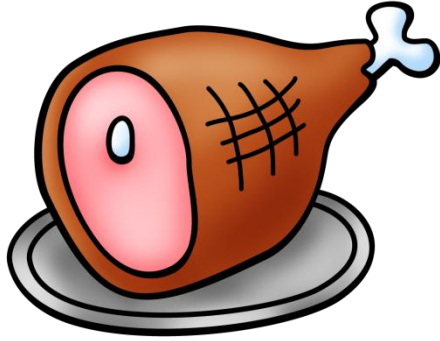

How To Play...

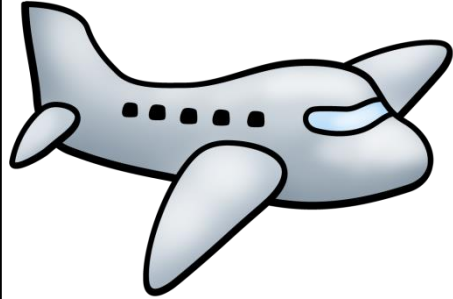

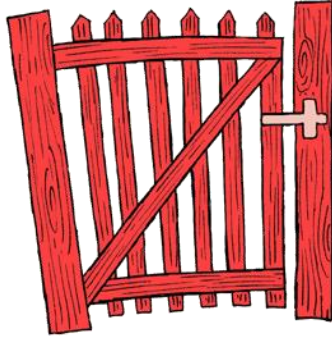

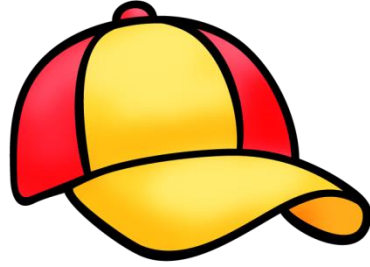

Teacher will need to prepare this station by using stickers or markers to mark on the back of the cards which answers are correct and which are incorrect. Each slide has a key for teachers to use when marking the cards. All the words highlighted in red need marked correct on the backs of the cards. Students will look to the middle of the card to determine what they are being asked to find. In the example to the right, students are searching for all the words that begin with the letter m. They will use clothespins to clip all the pictures which follow the rule. Then they will flip the card over to check their answers!

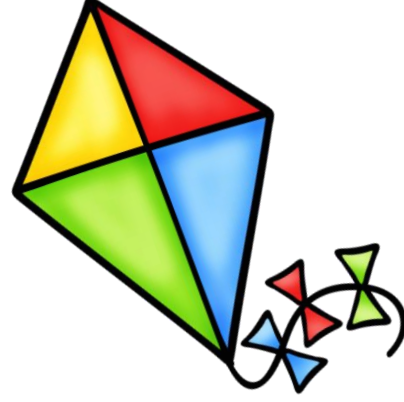

cake, ham, grape, hat, plane, gate, bag, den

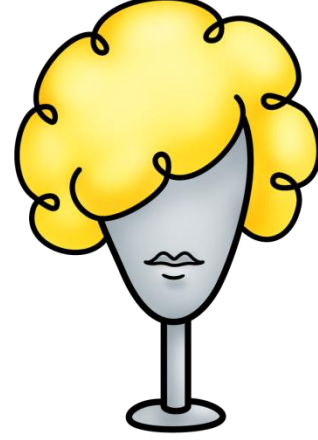

a.e

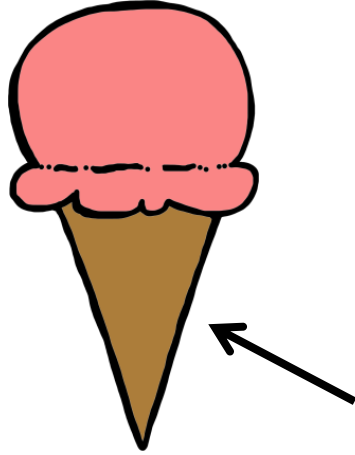

fix, prize, kite, wig, lime, bin, slime, slide

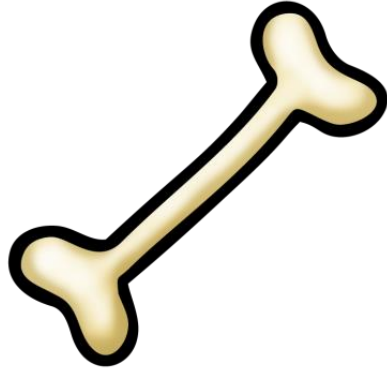

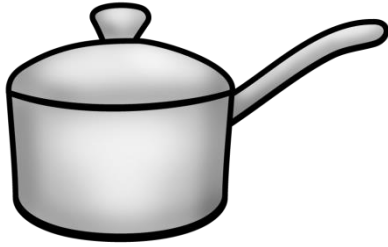

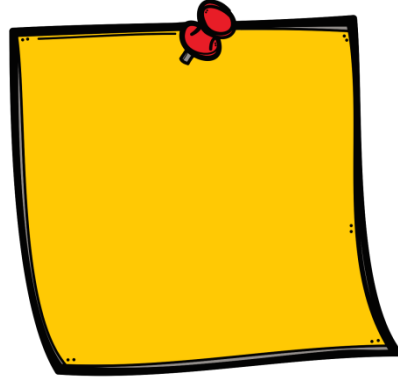

ie

log, globe, home, note, top, bone, pot, cone

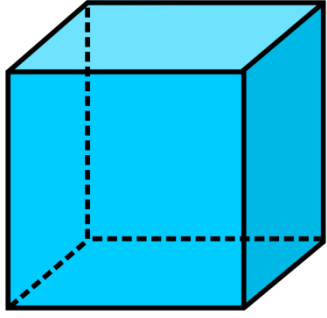

o-e
